Governor Cooper,

I am devastated to learn that you plan on supporting the building of the ACP. If you support NO off shore drilling, you should also support NO ACP.

The ACP represents a \$5 billion dollar investment into fracked gas infrastructure and a future marrying all of us with natural gas for 30 years. [NASA](#) and others have published many reports in the last month that demonstrate (and for the past 2 years) detailing how natural gas is the biggest cause of the increase in global warming over the last decade.

Democrats don't let Democrats support the ACP.

Sincerely,
Gary D. Simpson
Pittsboro
